RE: Jake Maurer and Band

Our company hired Jake Maurer and his band for our corporate event on February 21, 2019 in Nashville, Tennessee.

From the first point of contact to the night of our event, Jake was nothing but professional, prompt and courteous. The service level exceeded expectations for the affordable cost of his band. My experience with booking other bands have not been as pleasant as my experience with Jake and his band.

Jake and his band were so much fun that night; they got our group engaged and moving on the dance floor. Their playlist covered everyone's music likes.

Our company decided to go with his 6-pc band, which included the fiddle player. Amazing and highly recommended!!

I cannot state how amazing and so much fun they were to work with. I look forward to booking our next corporate event in Nashville, so that I can hire them back.

Bottom line, if you are looking for a great band for your event with country flare and Nashville vibes, you need to hire Jake Maurer and his band for your event.
